Information Bulletin #2051
13/12/2023

Affected Disciplines:
MX, Enduro, Dirt Track, Track, Flat Track, Supermoto

Information Pertains to:
Electric Machines eligibility to compete at Motorcycle Events.

Ruling:
Electric Machines as per the Electric Motorcycle Approved Competition List (attached for reference) are eligible to compete at MA permitted Events under the following conditions.

All machines must comply with Appendix D of the MoMS.

At Club, Inter Club and Open Club Events
Electric Machines including the Stark VARG may compete in MX1 & MX2 or equivalent classes as per the Electric Motorcycle Approval List.

The **Stark Varg** must have the power locked by a technical official or scrutineer to the appropriate setting listed prior to taking part in any competition.

MX1 Class equivalent – A maximum output of up to 60hp/45kw
MX2 Class equivalent – A maximum output of up to 48hp/36kw

Information on how to lock the power output of the Stark VARG is available at www.ma.org.au

At State and National Championship Events
Electric Machines including the Stark VARG may compete in MX1 or equivalent class only as per the Electric Motorcycle Approval List.

The **Stark Varg** must have the power locked by a technical official or scrutineer to the appropriate setting listed prior to taking part in any competition.

MX1 Class equivalent – A maximum output of up to 60hp/45kw

Information on how to lock the power output of the Stark VARG is available at www.ma.org.au

Additional Information:

- Normal race distance, duration or times should not be altered to accommodate Electric Machines.
- Eligibility or regulations focused on Electric Machines can be changed at any time to ensure fair and even competition.
- The use of lower power settings than those listed is permitted.
- Electric Machines can complete in standalone classes if numbers permit.

Rationale:

Motorcycles are continuing to evolve and Electric Motorcycles are part of this process. As more Electric Machines become available to the public, MA must consider how best to introduce Electric Machines into racing disciplines best suited to them. MA is permitting Electric Machines to participate in the listed disciplines under guidelines which have been put in place to ensure fair and even competition and have the flexibility to be changed at any time to ensure this is the case. As more data is naturally collected from this induction phase, the eligibility of Electric Machines to compete in other classes or disciplines may be reviewed and members notified of any changes through further Information Bulletins.

Effective:

01/01/2024

Note:

• All Bulletins are available on the MA website (www.ma.org.au)
• Rules may change throughout the year so please view the most up to date MoMS on the MA website (www.ma.org.au)
